

FORTRESS DUO SEAL

Double-Locking Plastic, Pull-Tight Tear-Off Seal

The Fortress Duo Seal is a versatile pull-tight seal. The innovative double-locking mechanism provides extra security when sealing.

Available in polypropylene (PP), this seal is suitable for a variety of applications that focus on tagging such as sealing bags, documents and goods-in-transit.

Features

- 1** The Fortress Duo Seal is etched with permanent laser marking for security and easy identification. Laser marking offers the highest level of security as it cannot be removed or replaced without showing clear signs of tampering.
- 2** The long marking flap allows for barcode markings, standard text, logos and alphanumeric serial numbers.
- 3** Includes a plastic double-locking mechanism to provide additional security.
- 4** The durable PP securing strap gives the seal enough strength to match different user applications.
- 5** The locking mechanism is secured within and protected by a raised enclosure that deters tampering efforts.
